John T. Kimbrough & Son
Recommend PARACAMP as a Most Reliable

First Aid to the Injured.

Many people in this city are injured daily, and the injured are not so well supplied because the injury was not properly cared for in the beginning. It is not always possible to get a doctor at a moment's notice. Many deaths are caused by the neglect of the injured. Poisoning often results from bad cuts, burns, sprains, etc., and if the wound is not properly treated promptly, Paracymol is a simple, inexpensive remedy which can be used at any time in their homes every day; every factory, institution, school, etc., should have a box containing this valuable medicine. Paracymol never acts as a narcotic.
